

### **Correspondence up to 10/03/19**

1. A resident has contacted again about the parking proposal. Cllr Caulkin will have met the residents and PCSO on a meeting on the 11/04/19. He will report any immediate actions at the meeting.
2. The Burwash Common and Weald Residents Association have written outlining their concerns about the clearing of the debris at the twitten that runs between Vicarage Road and Vicarage Lane. It has become clear that neither ESCC or RDC will remove the rubble and dirt left here. A sign has gone up. Residents have kindly offered to do the work themselves if the Parish Council can organise the removal of the rubble and hardcore they bag up. The Clerk can set this up at a cost of around £30/40.
